Sonoran Data Partners

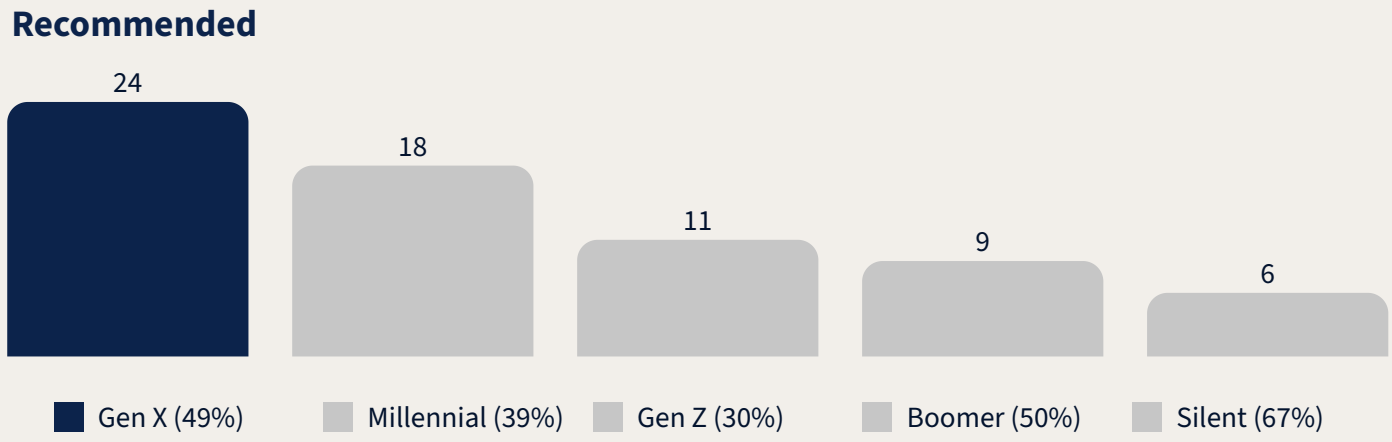
We help banks and mid-size companies turn customer data into decisions their executives can act on.

Send the Wildcat Rewards pilot to Gen X customers in Texas.

24 customers already meet all three Credit Risk guardrails, nearly half the group, in the state where eligible customers are most concentrated.

2,000 all customers → **407** meet all three guardrails → **68** in Texas → **24** Gen X in Texas

Gen X is the largest qualified group in Texas



Boomer and Silent qualify at higher rates, but only 15 customers between them.

Eligible = no Bear Down credit card, FICO 670 or higher, debt-to-income ratio under 2.0. Customer and card extracts as of September 30, 2026; all 2,000 customers included.

Prepared for Data Visualization Course, University of Arizona. Course scenario using a provided dataset.
